

FORSGREN *Associates Inc.*

December 22, 2010

To whom it may concern:

We have purchased copiers from two different companies in Idaho Falls in the last 3 years, one of them being Fenton's. When our lease is up on the other machines we will be going strictly with Fenton's. There service is outstanding. There has not been a time that I have called for service, that I don't see someone within the hour, two at the most. I can't say the same for their competitors. They have been excellent to work with. I would recommend them.

Thanks
